

OPENINNOTRAIN

INDUSTRY 4.0 | CLEANTECH | FOODTECH | FINTECH

OpenInnoTrain is a global network of researchers and industry practitioners across Europe and Australia for promoting the translation of research between university-industry through cooperation and Open Innovation.

OpenInnoTrain promotes Research & Innovation Exchanges for:

Fintech

A new financial industry that applies technology to improve or innovate financial services

Industry 4.0

Digitalisation of fully integrated, automated, optimised manufacturing flows

Cleantech

A range of low carbon technologies aimed at providing solutions to environmental problems

Foodtech

Application of advanced tech to production, packaging & distribution of food

Open Innovation Challenges for FoodTech and CleanTech

13 & 14 June 2019

University of Siena
Piazza S. Francesco 7,
53100 Siena (SI), Italy

Salcheto winery
Via di Villa Bianca 15,
53045 Montepulciano (SI), Italy

A two-day workshop aimed at identifying the Open Innovation challenges in the FoodTech and CleanTech sectors through a joint interaction between academic and industrial actors.

Day 1

Two workshops are planned: one in the morning involving AgriFood companies and other FoodTech partners, and one in the afternoon involving CleanTech companies and institutions.

Day 2

The workshop continues with a visit to Salcheto winery where participants can see how a winery has innovated its activities, focusing on sustainability issues and involving several stakeholders.
