Application procedures for exchange students 2022/2023

Nomination
In order to study at the University of Siena as an Exchange student your home university must have an institutional agreement in place with UNISI. If you have been selected, they must nominate you through the UNISI nomination form.

Online Application form
All students who have been nominated to take part in an exchange programme will receive an email with the access code they need to register into the Virtual Office (Segreteria online) and start the online application. The University of Siena will only consider applications from students who have been nominated by their home institution.

Acceptance letters will only be sent to non EU students that have to apply for a visa

Learning agreement
During the application process students must complete a study plan (learning agreement).

Since the course information for the next academic year is mostly not available during the spring application period, students should use the current information. Students do not have to send a copy of the learning agreement to the Welcome Office before their arrival. Students needing the learning agreement signed prior to arrival, must send it by email to their Erasmus / Exchange coordinator.

After submitting the online application students can read on their online profile the name and email address of their academic supervisor at UNISI

http://www.unisi.it/scegli-il-tuo-percorso (IT)

Unisipass
During the application process students will receive by email their Unisipass: a username and a password that allows them to login into the Virtual Office (Segreteria online). Students must keep this password to have access to the UNISI digital services during their mobility period.

Do not register into Segreteria online before receiving the access code!

Deadline
- 30 June for admission in 1st Semester or full academic year
- 30 November for admission in 2nd Semester

Acceptance letter
After submitting the online application students will receive an acceptance mail and practical information.

Buddy System
The Buddy System is a programme promoted by the University of Siena in collaboration with ESN Siena GES, by which incoming exchange students are matched with students of the University of Siena.
