Last update on March 30th

1) I am an exchange student currently studying at the University of Siena. What should I do?

Face-to-face teaching activities have been suspended and they have been replaced with online courses. All teaching will be carried out remotely until the university's activities will go back to normal.

You should reach out to the faculty member responsible for the courses you are taking, to make sure that you will be able to attend your courses remotely.

On the platform "Docenti" (<https://docenti.unisi.it/it>) you can find the professor's personal Web page , where you can find the link to the online courses (click on "lezioni a distanza"). If you do not find this link please contact the professors to get information on how they are sharing their online courses.
