5 - Selection of candidates and formation of list in order of merit

The Programme coordinator will consider the applications and select candidates on the basis of their submitted documentation. Applications will be ranked by the sum of their points from the following:

1. Academic Merit (max 30 points)

$0.15 \times \text{average grades of the student} + 0.15 \times (30 \times \text{credits received by the deadline}) + 0.7 \times \text{mark on the degree}$
(marks out of thirty)

2. Language skills, academic fit of the proposed exchange and candidate's motivation (max 30 points) will be evaluated by the Programme coordinator during an interview which will be conducted in French or English.

Regarding point 1, **the deadline to be considered is March 29th, 2024.**

Regarding the allocation of the score based on the bachelor's degree grade, students with foreign qualifications enrolled in the 1st year of master's degrees must ensure that the bachelor's degree grade converted on a scale of 110 is entered into the online secretariat by the deadline of this notice. For insertion, it is necessary to send to the Admission Office - admissionoffice@unisi.it - a certification issued by the University where the bachelor's degree was obtained, stating, according to the respective evaluation scale, the achieved grade as well as the minimum and maximum grade for obtaining the degree (e.g., Achieved Grade: 4; Evaluation scale: minimum grade 3, maximum grade 10).

The absence of the converted degree grade will not allow the attribution of the percentage score related to the degree grade, according to the calculation formula outlined in this article.

In the case of a tie between two or more candidates, the successful student will be selected by the standard preference of Esse3, the software that processes destination selection.

Based on the abovementioned criteria a list in order of merit will be drawn up. All available positions will be assigned according to the final ranking list. Please note that the ranking list will only provide provisional admission: students will obtain final admission once they gain all of the university credits (CFU) of their respective 1st year study plan by the fall term 2024, except in cases expressly authorized by approval by the Didactic Committee (see Art. 3).

Should additional positions be available, they will be assigned according to the same list.

The interview will be held online. Candidates will receive more details from the Programme coordinator soon after the application deadline. Those who cannot attend will be considered not assessable for the purposes of the selection procedure

Those who cannot attend will be considered not assessable for the purposes of the selection procedure.

6 - Acceptance/Renunciation

Successful candidates will receive all communications, including the outcome of the selection procedure, by email.

Successful candidates must inform the university of their intention to accept or decline the opportunity offered by the deadline indicated. If a successful candidate does not respect this deadline, he/she loses any right to the programme and the next candidate in the list of merit will be nominated.

7 - Procedure for registration at the host university

Following their acceptance, successful candidates must begin the application procedure as required by the host university by its deadlines.

Successful candidates must also send any documents requested by the foreign university as instructed. Should a successful candidate not fulfil these requirements, the University of Siena cannot be held responsible for his/her non-acceptance by the host university, and in any case the final acceptance of the candidate is decided upon by the host university and under no circumstances can the University of Siena interfere with or change such a decision.

The information provided in this notice is subject to amendment following any instructions from the host universities. In this case the University of Siena cannot be held responsible for any amendments made to the terms specified in this announcement.

8 – Documents to be sent to the International Relations Division and the Student's Office²

Upon arrival at the host university each participant must go to the relevant office (e.g. International Relations, Student Mobility etc.) to announce his/her arrival and ask the office to record the exact start date for his/her study abroad period on the certificate of attendance, to be sent - in .pdf format - to the International Relations Division through institutional email or fax.

At the end of the study period at the host university, participants must send the following documents in .pdf format to the International Relations Division by email to DDstudents@unisi.it:

- copy of an official certificate of attendance signed by the host university, confirming the effective period of study and indicating the dates of arrival and departure;
- copy of the *Transcript of Records*. The original *Transcript of Records* must be sent to the Student's Office of the relevant department, together with a table containing the comparison of local grades to the ECTS grading system;
- Final Report form, duly filled in.

Templates of these documents can be downloaded from the following page:

<https://www.unisi.it/internazionale/doppi-titoli-double-degrees>

Students who do not submit the required documentation listed above will not receive the financial contribution.

At the end of the study abroad period, students are required to send a copy of the degree they will have obtained at the partner university both to the International Relations Division and to their relevant student's office.
