SERVIZIO CONCORSI E PROCEDIMENTI ELETTORALI

SELECTION PROCEDURE TO RECRUIT 3 FULL PROFESSORS BY CALL FOR APPLICATIONS PURSUANT TO ART. 18 - LAW N. 240 OF 30 DECEMBER 2010 AND TITLE II OF THE REGULATION FOR THE RECRUITMENT OF FIRST AND SECOND LEVEL LECTURERS (Rectoral Decree Ref. no. 1340/2017 Register no. 119966 dated 27.10.2017)

Art. 1 – ASSESSMENT PROCEDURES

DEPARTMENT OF MEDICAL BIOTECHNOLOGIES

1 POSITION **Academic recruitment field: 06/D4 – Skin, infectious and gastrointestinal diseases**
Academic discipline: MED/17 – Infectious diseases

Assessment criteria:

The Council deliberates that, for the evaluation of the scientific competences, the criteria already foreseen by each individual academic competition sector for the National Qualification should be applied. Moreover, the Council establishes additional judgement criteria, determined on the basis of the research interests of the Department and on the academic teaching activities that the winning candidate will have to hold, as follows:

The candidate must have passed the National Qualification for a First Level Professorship in the Italian University Scientific Sector MED/17 (Infectious Diseases) and must show a brilliant profile of clinical research experience, focusing on Infectious Diseases, in particular on chronic viral infections such as HIV. Special attention will be reserved to candidates with publications on international peer-reviewed journals with high impact factor and with a high number of individual citations. The candidate must demonstrate a leadership position in research groups, must have played as coordinator or participant to international and national research collaborations, and must demonstrate capabilities of obtaining public funds for research, preferably from the EU. He/she must have a documented experience as Associate Professor teaching and coordinating the Infectious Disease track to medical students and to post-graduate students. A documented experience as coordinator of a post-graduate school of Infectious Diseases is a preferred feature. The candidate must also present a strong clinical experience in Infectious and Tropical diseases and preferably have an experience as Chief of the respective UOC (Division or equivalent). The candidate can provide a maximum of 50 publications from the last 5 years (2012 included onwards).

DEPARTMENT OF MOLECULAR AND DEVELOPMENTAL MEDICINE

1 POSITION **Academic recruitment field: 06/H1 – Obstetrics and gynaecology**
Academic discipline: MED/40 – Obstetrics and gynaecology

Assessment criteria:

The position requires knowledge and skills in working with translational research in Obstetrics and Gynaecology. Applicants must also have a track record of high quality scientific publication on physiopathology, diagnosis and treatment of uterine and ovarian disease: not only benign but also oncologic conditions. Moreover, expertise in lower genital tract disease, obstetrics and placental pathologies, and reproductive health is required.

To certify didactic, scientific and clinical skills the following degrees and qualifications will be considered:

Overall consistency, intensity and continuity of the candidate's scientific production. The following criteria will be assessed: impact factor, citation index, H-index (also corrected by years of degree), first and last name.

Patents.

Attendance as speaker at conferences.

Research fellowship in foreign university or in national board-certified university.

UNIVERSITÀ
DI SIENA
1240

Volume and continuity of teaching activities.

Consistency of the overall clinical activities with the subject field MED/40. The duration, continuity, specificity and level of responsibility of the care activities performed will be assessed. Surgery activity volume will be assessed.

Organisation, management and coordination of national and international research centres or groups or participation in these and other research activities.

participation in editorial committees for journals.

reviewer of international indexed journal.

National and international awards and prizes for research activities.

Didactic activity:

Candidate will be expected to teach modules and curricular courses of Obstetrics and Gynaecology at University of Siena, in undergraduate and postgraduate programmes.

Clinical activity:

Candidate will be expected to work as Chair of Department of Obstetrics and Gynaecology, including both gynaecologic and obstetrics wards, labour room, operating theatre. There will also be an expectation to the development of minimally invasive and robotic surgery. In addition, the successful candidate will coordinate the outpatient OB/GYN clinic for fertile and menopausal women, for pregnant women, for women with infertility, for women with gynaecologic cancers and for cancer prevention.

Maximum number of publications to be presented: 20 publications indexed in ISI/Scopus databases, with IF above 1. Among the 20 presented, at least 10 publications have to be published in the last 10 years.

Languages skills required to be certified: english

DEPARTMENT OF MEDICAL SCIENCES, SURGERY AND NEUROSCIENCE

1 POSITION **Academic recruitment field: 06/D3 – Blood diseases, oncology and rheumatology**
Academic discipline: MED/06 – Medical oncology

Assessment criteria:

Scientific commitment:

A special proven attitude of the candidate for basic, clinical and translational research in the field of oncology, with particular reference to:

- 1) Pathophysiology of solid tumors with specific focus on melanoma, mesothelioma, primary brain tumors and renal cancer.*
- 2) The identification of novel molecular markers for cancer diagnosis, prognosis and response to therapy.*
- 3) The use of personalized immunotherapy protocols for the treatment of solid tumors.*

A high scientific profile is required, demonstrated by an international publication track together with proven experience in the coordination and conduction of immunotherapy clinical trials in patients non-responders to standard therapeutic regimens.

The candidate must also demonstrate the ability to coordinate local and national research groups through participation to international conferences, projects and collaborations with well-known leading institutions. The participation to networks and national and international scientific societies in the field of oncology and of cancer immunotherapy will be taken into consideration.

Maximum number 20 scientific publications

Foreign language knowledge to be verified: english

Clinical commitment:

Proven autonomy in clinical, organizational and decision capacity in diagnosis and treatment of different forms of cancer, with documented responsibility and continuous production, will be expected.

Teaching commitment:

The educational activities will be carried out in the scientific field of reference MED/06 – Oncology – according to the annual program approved by the department board.

Art. 2 – REQUIREMENTS FOR ADMISSION TO THE PROCEDURE

The procedure is open to the following candidates:

- candidates who they have received a national scientific qualification for the academic recruitment field or one of the academic recruitment fields included in the same group of academic recruitment fields, and for the position advertised in this call;
- those who have received positive judgments for the position advertised in this call, only for the period of validity of the judgment;
- professors who are already employed in other Universities at the level of professorship corresponding to that advertised in this call;
- scholars who are permanently employed in research or teaching activities at university level outside Italy in positions which are equivalent to those advertised in this call, according to the equivalence tables defined by the Ministry of Education, Universities and Research.

The procedure is not open to anyone who, at the closing date for applications, is married to or has a degree of kinship or affinity, up to and including the fourth degree, with a professor from the Department for which the call is issued, or with the Rector, the General Manager or a member of the University Council. Neither is the procedure open to anyone who has a significant ongoing business relationship with any of the aforementioned individuals.

The procedure is not open to anyone who:

- does not enjoy civil and political rights;
- has been dismissed or released from a post with the Public Administration or for whom State employment has lapsed pursuant to Presidential Decree 3/1957.

The requirements must be met at the deadline for submission of applications. The Rector has the right, with justification, to exclude candidates from the procedure at any time for not meeting the established admission requirements.

Art. 3 - PRESENTATION OF THE APPLICATION

Applications for admission to the procedures and the documents indicated below must be lodged by certified email to rettore@pec.unisipec.it or email to concorsi@unisi.it no later than 30 days after the date of publication of the notice for this call for applications in the Official Journal of the Italian Republic (Gazzetta Ufficiale).

For applications sent by certified email, the date of application is that indicated on the receipt of reception automatically sent by the certified email provider; in the case of those sent by email, the date of application is the date that the terminal of this University receives them.

The Administration declines all responsibility for applications not received due to negligence or error of third parties. For confirmation of receipt and of the correctness of their applications, candidates may contact the Competition and Electoral Procedures Office (tel. + 39 0577 23 5058/5059/5060).

Applications must be made with the attached form (Annex A) with all fields completed.

The following documents must be included with the application:

- a signed and dated curriculum vitae containing a list of the candidate's qualifications, scientific publications and other activities. The curriculum should also contain a declaration pursuant to articles 46 and 47 of Presidential Decree no. 445/2000 certifying the truth of all data contained therein (Annex B);
- the publications the candidate intends to submit for evaluation by the Board;
- copy of a valid identity document.

Art. 4 – EVALUATION BOARD

The Evaluation Board is appointed from candidates proposed by individual Departments and in observance of the Code of Ethics, by Rectoral Decree no later than 60 days after the deadline for applications.

The Board is composed of three first-level professors (“prima fascia” or equivalent role in the case of components from foreign universities), belonging to the academic recruitment field or to a academic discipline in the same group of academic recruitment fields. At least two members of the Board must be from outside the University of Siena.

The appointment decree is published on the official University noticeboard and on the web page dedicated to the competition procedure.

No later than 30 days after the Board's appointment, candidates can dispute the Board members, indicating their reasons. The Rector decides the dispute. The Rector's decision is promptly communicated to the candidate.

Art. 5 – SELECTION OF CANDIDATES AND PROPOSED CALL

The Board is governed by the general assessment criteria determined by the Academic Senate. The Board also observes the criteria established by the Department and indicated above in Art. 1.

At its first meeting, the Board sets the general criteria and specific evaluation methods and procedures.

The criteria and methods are immediately published on the web page dedicated to the competition procedure.

Art. 6 - PROCESSING OF PERSONAL DATA AND PERSON RESPONSIBLE FOR THE PROCEDURE

The candidates' personal data is processed exclusively as provided for in the relevant laws and strictly for the purposes of managing this selection procedure

For the purposes envisaged by Law no. 241/7.8.1990, the Person Responsible for the Procedure of the present competition is the Head of the Competitions and Electoral Procedures Office of this university: Mrs Maria Bruni, concorsi@unisi.it – tel. + 39 0577 235058.

For all matters not explicitly mentioned in the present call, see the regulations on competitions, in particular the Regulation for Recruitment of First and Second Level Lecturers, Rector's Decree. no. 1110 dated 21 July 2014 and subsequent amendments.
